

Enclosed in this box

3 - LED Candles

1 - Halloween Decoration Candle Base (Not for flame candle using)

1 - Remoter including a pair of hook and loop

1. Carefully unpack candles and base from the protective outer packaging.
2. Insert 2 x AAA batteries (+ Side up) in taper.
3. Screw LED bulb on the top of taper. Candle will turn ON once the bulb is screwed in.
4. The functions of remoter as below:
OFF: Turn the candle OFF
ON: Keep the Candle ON 24 hrs a day
Timer: Set up the timer for 6 hrs ON and 18 hrs OFF every day at the same time

Noted: Can Not use Flame Candle in this candle base

Care:

1. Always remove batteries when not using.
2. Replace batteries when candle dims
3. Dispose of used batteries responsibly.
4. Using remoter under 10 feet. Need to replace the battery if need to closer to control the candle.
